CUSTOMER DATA:

The aim of this sheet is to have all the information we need to make an evaluation. We ask you to fill out a short description of your company/brand to understand what stage of the project you are currently in and offer you the best service:

SERVICES REQUIRED:

We offer several custom services, so we recommend you to complete the following requests as accurately as possible.

If you already have all the technical information for the products and would like to request a quote for prototypes, samples and production, please fill out the following question box for each item.

If you do not have all the information requested, because you need additional services to complete the design of the products, please fill out the following question box for each item, even if only partially. You will then be prompted for the additional services information.

- Style:
- Number of variants:
- Size range:
- Fit:
- Number of prototypes:
- Number of sample repeats:
- Number of bulk production*:
- Number of pieces for variant/size/color*:
- Season:
- Fabrics and materials:
- Detail description (prints, embroidery, accessory, etc...): Target price (range production price that you expect)

- SERVICES:
- Pattern creation (indicate the number of patterns):
- Materials research (indicate the number of fabrics and accessories to research and any specific requests): -Graphic support for executive print files:
- Packaging research (indicate how the finished garment should be packaged and what materials you need): -Label research (indicate specifics on the type of labels to be made):

Other requests:

For any clarification regarding the compilation of this document please contact the Product Manager Timon Eijsink at the following E-mail : **Info@emotion-productions.com** We remind you that this first data collection is aimed at a appointment to enter more detail, in order to offer the most suitable customized solution.
